

The screenshot shows the 'Gallery images' application window. The interface is divided into several sections:

- Top Bar:** Contains icons for 'Insert image from file' (1), 'Delete image' (2), 'Paste image' (3), 'Refresh Gallery' (4), and 'Available Gallery layouts' (5).
- Image Gallery:** A central area displaying a grid of images. One image is highlighted as the 'Selected image' (21). Other images in the gallery are labeled (20).
- Image Caption* (19):** A text field for the selected image's caption, containing placeholder text: "Excepteur sint occaecat cupidatat non proident, sunt in culpa qui officia deserunt mollit anim id est laborum."
- Gallery caption* (18):** A larger text field for the entire gallery's caption.
- Properties Panel (Right):**
 - Apply changes to gallery (6):** A checkbox.
 - Image Optimizer (7):** A section for automatic optimization.
 - Size (8):** Includes an 'Optimal size' button and percentage buttons (25%, 50%, 75%, 100%) along with 'Decrease 5%' and 'Increase 5%' buttons.
 - Size of selected image (9):** Shows 'Width: 20,20 cm' and 'Height: 16,80 cm'.
 - Scaling (10):** Shows 'Width: 134 %' and 'Height: 134 %'.
 - When active locks width-to-height ratio (11):** Includes a checked 'Keep aspect ratio' checkbox and an unchecked 'Scale to fit' checkbox.
 - Original image size (12):** Shows 'Width: 15.00 cm' and 'Height: 12.50 cm' with a 'Reset to original image size' link.
 - Alignment (13):** Includes radio buttons for 'Left', 'Center' (selected), and 'Right'.
- Bottom Bar:** Contains 'Hide properties' (17), 'Text formatting with right-click » "Edit text..."' (16), 'Applies changes to images and Galleries' (15), and 'Apply' and 'Close' buttons (14).
